

Budget Detail Request - Fiscal Year 2016-17

Your request will not be officially submitted unless all questions and applicable sub parts are answered.

1. Title of Project: Asbestos Removal System & Remediation
2. Date of Submission: 12/02/2015
3. House Member Sponsor(s): Manny Diaz

4. DETAILS OF AMOUNT REQUESTED:

- a. Has funding been provided in a previous state budget for this activity? No
If answer to 4a is ?NO? skip 4b and 4c and proceed to 4d
- b. What is the most recent fiscal year the project was funded?
- c. Were the funds provided in the most recent fiscal year subsequently vetoed? No
- d. Complete the following Project Request Worksheet to develop your request (Note that Column E will be the total of Recurring funds requested and Column F will be the total Nonrecurring funds requested, the sum of which is the Total of the Funds you are requesting in Column G):

| FY: | Input Prior Year Appropriation for this project for FY 2015-16 (If appropriated in FY 2015-16 enter the appropriated amount, even if vetoed.) | | | Develop New Funds Request for FY 2016-17 (If no new Recurring or Nonrecurring funding is requested, enter zeros.) | | | |
|--------------------|--|-------------------------------|--|--|---|---|--|
| | Column: A | B | C | D | E | F | G |
| Funds Description: | Prior Year Recurring Funds | Prior Year Nonrecurring Funds | Total Funds Appropriated (Recurring plus Nonrecurring: Column A + Column B) | Recurring Base Budget (Will equal non-vetoed amounts provided in Column A) | INCREASED or NEW Recurring Requested | TOTAL Nonrecurring Requested (Nonrecurring is one time funding & must be re-requested every year) | Total Funds Requested Over Base Funding (Recurring plus Nonrecurring: Column E + Column F) |
| Input Amounts: | | | | | 0 | 1,400,000 | 1,400,000 |

- e. New Nonrecurring Funding Requested for FY 16-17 will be used for:
 Operating Expenses Fixed Capital Construction Other one-time costs
- f. New Recurring Funding Requested for FY 16-17 will be used for:
 Operating Expenses Fixed Capital Construction Other one-time costs

5. Requester:

- a. Name: Roberto Martell
- b. Organization: Town of Medley
- c. Email: rmartell@townofmedley.com
- d. Phone #: (305)887-9541

6. Organization or Name of Entity Receiving Funds:

- a. Name: Town of Medley
- b. County (County where funds are to be expended) Miami-Dade
- c. Service Area (Counties being served by the service(s) provided with funding) Broward, Miami-Dade, Monroe

7. Write a project description that will serve as a stand-alone summary of the project for legislative review. The description should summarize the entire project's intended purpose, the purpose of the funds requested (if request is a sub-part of the entire project), and most importantly the detail on how the funds requested will be spent - for example how much will be spent on positions and associated salaries, specifics on capital costs, and detail of operational expenses. The summary must list what local, regional or statewide interests or areas are served. It should also document the need for the funds, the community support and expected results when applicable. Be sure to include the type and amount of services as well as the number of the specific target population that will be served (such as number of home health visits to X, # of elderly, # of school aged children to receive mentoring, # of violent crime victims to receive once a week counseling etc.)

Throughout the years, four main materials have been used for drain pipes, which are cement, clay, cast iron, and PVC. As part of the Town of Medley's sewer and storm drains, cement has been largely used. While cement is easy to work with in terms of pouring, shape specifications and its durability, it does have some negative aspects. Up until the 1970's, asbestos was a popular ingredient in cement. Although it wasn't known at the time, asbestos is a dangerous, cancer-causing chemical. Over time, asbestos can seep into the ground, potentially contaminating groundwater, as well as water flowing through pipes that empty into water bodies (canals, lakes, rivers, etc.). Funding is requested to remove the asbestos hazard, which has been impacting this low-to-moderate income community. We anticipate this project impacting 1,000 residents, and 50,000 transients (business and visitors). While the Town cannot fully fund this project, actual cash match is available, and we are prepared to maintain the project, once fully implemented.

8. Provide the total cost of the project for FY 2016-17 from all sources of funding:

- Federal: 0
- State: 1,400,000 (Excluding the requested Total Amount in #4d, Column G)
- Local: 0
- Other: 0

9. Is this a multi-year project requiring funding from the state for more than one year?

No
