The summary must list what local, regional or statewide interests or areas are served. It should also document the need for the funds, the community support and expected results when applicable. Be sure to include the type and amount of services as well as the number of the specific target population that will be served (such as number of home health visits to X, # of elderly, # of school aged children to receive mentoring, # of violent crime victims to receive once a week counseling etc.)

Edward W. Bok Academy is the proud home of the "Knights" with an enrollment of approximately 550 students in grades 6th through 8th. The beauty of Bok Tower Gardens reinforces Bok Academy's commitment to teaching about beauty and harmony and the importance of these values. Teaching students to appreciate how beauty permeates the natural world and how attention to aesthetics, beauty, and harmony can transform lives and communities. It is our hope that this educational opportunity will help create young leaders who have a deeper understanding about the structure of knowledge and a deeper desire to live a life of merit.

Our mission is to educate Renaissance thinkers for the digital age. Bok Academy offers an educational opportunity that exemplifies and honors the life of this philanthropist, who in the 1920s created a sanctuary: a place of beauty, serenity, and peace in Lake Wales. We teach the student what it means to live by the Bok family legacy: "Make the world a bit better and more beautiful for having lived in it."

The Engineering Pipeline Project will serve as Lake Wales Charter Schools and the partnering universities good faith effort towards addressing the capacity, capability and competitiveness issue faced by engineering enterprises.
