7. Write a project description that will serve as a stand-alone summary of the project for legislative review. The description should summarize the entire project's intended purpose, the purpose of the funds requested (if request is a sub-part of the entire project), and most importantly the detail on how the funds requested will be spent - for example how much will be spent on positions and associated salaries, specifics on capital costs, and detail of operational expenses. The summary must list what local, regional or statewide interests or areas are served. It should also document the need for the funds, the community support and expected results when applicable. Be sure to include the type and amount of services as well as the number of the specific target population that will be served (such as number of home health visits to X, # of elderly, # of school aged children to receive mentoring, # of violent crime victims to receive once a week counseling etc.)

Flag's Day presents the unique occasion and opportunity to call on the patriotic sense, duty and pride of the Haitian American community to unite and act collaboratively. Organizing an event from a cultural sensitivity point of view (including food, music) could not be chosen at a better moment. Generational Bridging Community Symposium will offer the platform to bridge the gap or cultural rift between the born and raised within the States and their immigrated parents. Every year, by the thousands, our new high school graduates left the community to never return because of acculturation and alienation. This in fact weakens us in terms of population count and competent representation in the local and state political landscape. For the last fifteen years 'Festival Kompa' had been taken place as the only one signature event to commemorate Flag's Day attracting a large crowd from around the globe. Undoubtedly, the South Florida business community, particularly the airlines, hotel, car rental, foods and restaurant industries have benefited a great deal from it. This program will be added value to the State of Florida in terms of revenue stream generation. Such endeavor will boost morale, confidence, cohesion, participation and further-more redefine our community image.

8. Provide the total cost of the project for FY 2016-17 from all sources of funding:

- Federal: 0
- State: 0 (Excluding the requested Total Amount in #4d, Column G)
- Local: 0
- Other: 0

9. Is this a multi-year project requiring funding from the state for more than one year?

Yes
