Though the College continues to increase the use of on-line services for advising, there is still an increasing demand for live, one on one advising and other student support services. The College is requesting funding to help create a physical environment that is more conducive efficient student support and learning. We are requesting the following:

The primary purpose of this project is to enhance and expand student service support space to meet increasing demands. Support services include Admissions/Records, Student Development and Veterans' Services, Career Testing and Placement, Disability Services, Financial Aid, and Student Activities.
