7. Write a project description that will serve as a stand-alone summary of the project for legislative review. The description should summarize the entire project's intended purpose, the purpose of the funds requested (if request is a sub-part of the entire project), and most importantly the detail on how the funds requested will be spent - for example how much will be spent on positions and associated salaries, specifics on capital costs, and detail of operational expenses. The summary must list what local, regional or statewide interests or areas are served. It should also document the need for the funds, the community support and expected results when applicable. Be sure to include the type and amount of services as well as the number of the specific target population that will be served (such as number of home health visits to X, # of elderly, # of school aged children to receive mentoring, # of violent crime victims to receive once a week counseling etc.)

The Public Defender's Office, 6th Judicial Circuit, has operated a successful "one judge/one child/one attorney" approach since 2006 and requests \$400,000 and positions to expand its resources for cross over children. Specifically, there is a need to enhance and develop diversion options from DJJ for crossover children and need to develop pathways to more services. There are a number of children "aging out" of foster care who need continued services and housing options. The Spring 2014 survey conducted by the Florida Department of Children and Families found 40% of survey respondents aged out of foster care without a diploma or GED; 67% of the respondents had not held a paying job in the last year. Attorneys would also assist appropriate "dual status" youth with sealing or expunging delinquency records to assist with future education and employment opportunities. The Public Defender's Office, 13th Judicial Circuit, requests \$600,000 and 4 positions to begin a similar pilot project for Hillsborough County youth. In its first year of operation in the 6th circuit (Pinellas), Public Defender Crossover for Children's program provided representation in over 400 delinquency and dependency cases to over 100 children. Based on our similar populations and issues, the 13th Circuit anticipates similar volume for the first year in Hillsborough

9. Is this a multi-year project requiring funding from the state for more than one year?
