7. Write a project description that will serve as a stand-alone summary of the project for legislative review. The description should summarize the entire project's intended purpose, the purpose of the funds requested (if request is a sub-part of the entire project), and most importantly the detail on how the funds requested will be spent - for example how much will be spent on positions and associated salaries, specifics on capital costs, and detail of operational expenses. The summary must list what local, regional or statewide interests or areas are served. It should also document the need for the funds, the community support and expected results when applicable. Be sure to include the type and amount of services as well as the number of the specific target population that will be served (such as number of home health visits to X, # of elderly, # of school aged children to receive mentoring, # of violent crime victims to receive once a week counseling etc.)

This funding request is for the design and construction of a new animal control shelter in Putnam County. The current shelter is antiquated, undersized, poorly located and inadequately designed. This new shelter will provide a proper lobby/reception area for the public plus an appropriate intake area adjacent to veterinary space. There will be a separate area for cats as well as separate kennels and runs for dogs. The facility is being relocated to a higher visibility area offering increased accessibility to the public to promote adoption programs and increase cooperation with those involved in animal protection and rescue. None of the requested funding will be used for positions or associated salaries. The new facility will address citizen demand for better conditions for housed animals as well as space for medical treatment of the animals.

8. Provide the total cost of the project for FY 2016-17 from all sources of funding:

Federal: 100,000

State: 0 (Excluding the requested Total Amount in #4d, Column G)

Local: 300,000

Other: 0

9. Is this a multi-year project requiring funding from the state for more than one year?

No
