7. Write a project description that will serve as a stand-alone summary of the project for legislative review. The description should summarize the entire project's intended purpose, the purpose of the funds requested (if request is a sub-part of the entire project), and most importantly the detail on how the funds requested will be spent - for example how much will be spent on positions and associated salaries, specifics on capital costs, and detail of operational expenses. The summary must list what local, regional or statewide interests or areas are served. It should also document the need for the funds, the community support and expected results when applicable. Be sure to include the type and amount of services as well as the number of the specific target population that will be served (such as number of home health visits to X, # of elderly, # of school aged children to receive mentoring, # of violent crime victims to receive once a week counseling etc.)

The funds will be a mixed allocation of salaries and program expenses to support eight FTE permanent positions in Career Development, Prevention and Wellness, and Advising. Total cost in salaries and benefits is \$497,640.

Program costs include \$25,000 for support of student OPS employees (peer educators) who will assist with the operation of, and gain skills through, the new specialized programs offered to support students and \$100,000 for program expenses (e.g. electronic resources, and licenses and career development events).

The entire student population of Florida Gulf Coast University will benefit from the targeted approach of these positions - addressing the Academic Student Life Cycle from entry into the university through graduation. Career advising and development, skill development, job placement, and preventative health initiatives are all focused on providing students with the skills and information necessary to complete their degree on time and improving our four year graduation rate while meeting employer demands to address identified talent gaps.

8. Provide the total cost of the project for FY 2016-17 from all sources of funding:

- Federal: 0
- State: 622,640 (Excluding the requested Total Amount in #4d, Column G)
- Local: 0
- Other: 0

9. Is this a multi-year project requiring funding from the state for more than one year?

Yes
