The summary must list what local, regional or statewide interests or areas are served. It should also document the need for the funds, the community support and expected results when applicable. Be sure to include the type and amount of services as well as the number of the specific target population that will be served (such as number of home health visits to X, # of elderly, # of school aged children to receive mentoring, # of violent crime victims to receive once a week counseling etc.)

The City of West Park is in need of assistance to address the issue of truancy and crime prevention within South Broward. The City is ranked as the third (3rd) highest community with schools that have multiple risk factors. These risk factors include, but are not limited to suicide, truancy, juvenile crime, teenage pregnancy, alcohol and drug abuse, and other negative behavior patterns that adversely impact youth. According to the Association for Supervision and Curriculum Development (ASCD), these risk factors can lead to the detriment of a student's capacity to envision or achieve success. As part of the State & City's commitment to provide quality Youth Programming that will deter truancy, bullying and other negative behavior among school-age children, funding is also being requested to support after school and summer programming, and the production of a skit that will feature the City and students as actors. Early intervention is essential to preventing and deterring negative behavior and any potential for criminal activity. Our underserved, at-risk community is seeking support that will create a positive impact on students (low-income). Support is needed for this community outreach for crime prevention and anti-bullying. We anticipate this program having 60 participants during the school year and 60 participants during summer camp, which will benefit the southern region of the state. The City of West Park is able to provide match funding for this project, which will assist children within the southern region of the state.

- Federal: 0
- State: 0 (Excluding the requested Total Amount in #4d, Column G)

- Other: 0

9. Is this a multi-year project requiring funding from the state for more than one year?

No
