2013-2014 Implementing Bill

	HB 5003	SB 1502	Senate General Government and House Agriculture & Natural Resources	House Offer #2	Senate Offer #1	
1	16		INLET MANAGEMENT. In order to implement Specific Appropriation 1626 of the 2013-2014 General Appropriations Act, paragraph (e) is added to subsection (5) of section 161.143, F.S. notwithstanding paragraphs (a) and (b), the amount allocated for inlet management funding is provided in the General Appropriations Act.	House	Senate	1
2	17	19	LAND ACQUISITION TRUST FUND. Amends s. 375.041 to authorizes funds for the Total Maximum Daily Loads Program. SENATE: authorizes the use of funds to support Everglades restoration. HOUSE: authorizes the use of funds for the Small Community Wastewater Treatment Grant Program for various water projects and to support Everglades restoration.	House	Senate	2
3	18	20	WATER MANAGEMENT LANDS TRUST FUND. Amends s. 373.59., F.S. to provide for allocation of moneys from the Water Management Lands TF for an amount necessary to pay debt service on bonds issued before 2/1/09, by the South Florida Water Management District and the St. Johns Water Management District; provides for \$8,000,000 to be transferred to GR, \$3,000,000 to be distributed to the Suwannee River Water Management District for springs restoration. SENATE: authorizes the use of funds to support Everglades restoration; specifies that remaining funds be distributed to Suwannee River Water Management District. HOUSE: authorizes the use of funds to support Everglades restoration; specifies \$3 million be distributed to the Northwest Florida Water Management District for the Apalachicola Bay Water Quality Improvement Projects; specifies \$4 million be distributed to the South Florida Water Management District for J.W. Corbett Levee System Improvements; specifies \$1 million be distributed to the Southwest Florida Water Management District for Duck Slough/Thousand Oaks flood mitigation; adds the Everglades Restoration Strategies Regional Water Quality Plan to s. 373.59(1), F.S., and provides that the amount appropriated in CS/HB 7065 or similar legislation, if such legislation becomes law, be transferred to the Save Our Everglades Trust Fund for the Everglades Restoration Strategies Regional Water Quality Plan; specifies that remaining funds be distributed equally between the Northwest Florida Water Management District, which may be used to establish minimum flows and levels, and the Suwannee River Water Management District.	House	Senate Modification	3
4	19		WATER MANAGEMENT LANDS TRUST FUND. Amends s. 373.59(1), F.S., shall expire July 1, 2014, and the text of that section shall revert to that in existence on June 30, 2013, except that any amendments to such text enacted other than by this act shall be preserved and continue to operate to the extent that such amendments are not dependent upon the portions of text that expire pursuant to this section.	Senate		4

2013-2014 Implementing Bill

	HB 5003	SB 1502	Senate General Government and House Agriculture & Natural Resources	House Offer #2	Senate Offer #1	
6		21	RESTORATION STRATEGIES REGIONAL WATER QUALITY PLAN. Specifies that in order to implement the specific appropriation 1600 of the 2013-2014 General Appropriations Act, the recurring \$12,000,000 appropriated from the General Revenue Fund and the recurring 20,000,000 appropriated from the Water Management Lands Trust Fund to the DEP for the Restoration Strategies Regional Water Quality Plan contained in Committee Substitute for Senate Bill 768, or similar legislation enacted during the 2013 Regular Session of the Legislature, shall be deposited into the Save Our Everglades Trust Fund within the department to be spent for the Restoration Strategies Regional Water Quality Plan.	Senate		6
8	20	22	DEP/ WASTE /TIRE/ LITTER. Amends 403.7095, F.S. relating to the solid waste management grant program to require DEP to award grant funds equally to counties having populations of fewer than 100,000 for waste tire, litter prevention, recycling and education, and general solid waste programs. SENATE: authorizes \$2.4 million in grant funds. HOUSE: authorizes \$3 millions in grant funds.	House	House	8
9	22	23	FLORIDA FOREVER TRUST FUND. Amends s. 259.105, F.S. to provide for the distribution of the funds appropriated from the Florida Forever Trust Fund SENATE: specifies that \$10 million be distributed only to the Division of State Lands within the DEP for Board of Trustees Florida Forever Priority List land acquisition projects that provide conservation lands to protect the state's military installations against encroachment. HOUSE: specifies that funds be distributed only to the Division of State Lands within the DEP for land acquisitions that are les-than-fee interest or for partnerships in which the state's portion of the acquisition cost is no more than 50 percent, or for conservation lands needed for military buffering or springs or water resources protection.	House	Senate	9
10	21		DACS/AG PROMOTION CONTRACTS. Notwithstanding s. 287.057, F.S. (governing procurement of commodities or contractual services), the Department of Agriculture and Consumer Services, at its discretion, is authorized to extend, revise, and renew current contracts or agreements created or entered into, pursuant to chapter 2006-25, Laws of Florida (the 2006-2007 GAA), in order to provide consistency and continuity in agriculture promotion throughout the state.	House	House	10
11	23		PREAPPROVED SITE REHABILITATION. Provides that notwithstanding s. 376.30711, F.S. which provides that competitive bidding relating to site rehabilitation shall not be subject to the requirements of s. 287.055, F.S., for the 2013-2014 fiscal year, such competitive bidding shall be subject to the requirements of that section.	Senate		11

2013-2014 Implementing Bill

	HB 5003	SB 1502	Senate General Government and House Agriculture & Natural Resources	House Offer #2	Senate Offer #1	
11a		New	PETROLEUM RESTORATION PROGRAM: Amendments to ss. 376.30711 – 376-30714, F.S., to require: (1) All contracts for providers under the Petroleum Restoration Program be procured through competitive bidding; (2) A statement under oath from all owners, responsible parties, and cleanup contractors and subcontractors, that no compensation, remuneration, or gift, of any kind, directly or indirectly, has been solicited, offered accepted, paid or received in exchange for designation or employment in connection with the cleanup of an eligible site, except for the compensation paid by the department to the contractor for the cleanup; (3) A statement under oath from all cleanup contractors and subcontractors receiving compensation for cleanup of eligible sites that they have never paid, offered or provided any compensation in exchange for being designated or hired to do cleanup work, except for the compensation for the cleanup work; and (4) any owner, responsible party or cleanup contractor or subcontractor who falsely executes either of those statements be prohibited from participating in the Petroleum Restoration Program. 	Protection project. Total project costs and federal/non-federal cost shares have been determined by the U.S. Army Corps of Engineers as part of favorable Project Implementation Reports (PIR). State matching dollars shall be used only for construction of the full project design profile and monitoring.	(PIR). State matching dollars shall be used only for construction of the full project construction profile, if needed, and monitoring for all the above named projects.			
	Funds in Specific Appropriation 1626 and this section are also provided for federally-authorized beach projects included in the department's BMFAP that maximize federal funds and address storm damages. These projects include only Venice Beach Segment-Sarasota County Shore Protection project, Ocean Ridge Segment-Palm Beach County Shore Protection project, and Long Key-Pinellas County Shore Protection project.	Funds shall also be provided for federally-authorized beach projects included in the department's BMFAP that maximize federal funds and address storm damages. These projects include only: Venice Beach Segment-Sarasota County Shore Protection Project, Ocean Ridge Segment-Palm Beach County Shore Protection Project, and Long Key Segment-Pinellas County Shore Protection Project.			
	Funds in Specific Appropriation 1626 and this section are also provided for federally-authorized beach projects damaged by Hurricane Sandy as an alternative to FEMA funding with a 50 percent local cost share. These projects include only Mid-Reach and South County beaches/dunes in Brevard County, Wabasso/Sector III and Sebastian Dune Repair in Indian River County, South St. Lucie Dune Restoration in St. Lucie County, Singer Island Dune project and Coral Cove Dune Nourishment project in Palm Beach County, Deerfield Beach Nourishment project in Broward County.	The funding provided for those projects reflects the ranking of local government funding requests and the department's Fiscal Year 2013-2014 project priority list; however, it also takes into account recent storm damages and storm impacts on project designs and costs. To address similar future situations, the department should shall ensure that current procedures and timeframes as part of the annual project ranking process accommodate to the maximum extent possible recent storm damage and other beach impacts. The department shall document how such impacts are captured in annual project rankings and further consider how existing statutory ranking criteria are measured accordingly. addressing severity of erosion, and threats to upland development are defined and measured, either by amending Rule 62B-36, Florida Administrative Code, or suggesting amendments to Chapter 161, Florida Statutes. The department's report with recommendations shall be provided to the President of the Senate and the Speaker of the House of Representatives no later than January 1, 2014.			
	From the funds in Specific Appropriation 1626 and this section, \$748,825 is provided for the three highest ranked Inlet Management projects included in the BMFAP and \$1,100,000 is provided for post-construction monitoring.	Funding for post-construction project monitoring shall not exceed 50 percent of the department's request. <u>Priority shall be given to projects in the BMFAP and other highly-ranked projects in the department's funding request for other than first-year needs.</u>			
		Funds shall be provided for engineering costs for the Collier County Beach Nourishment Project as part of the BMFAP.			
		In accordance with section 162.143(5)(a), Florida Statutes, <u>\$2,092,600</u> of the funds appropriated shall be provided to fund the three highest ranked inlet projects included in the BMFAP. In addition, the department may use up to \$300,000 for regional sand source management.			
		Funds shall also be provided for non-federal beach nourishment and dune restoration projects damaged by Hurricane Sandy, as an alternative to
