Proviso for Replacement Radios for The Statewide Law Enforcement Radio System

The funds in Specific Appropriation 2843A are provided to the Department of Management Services to replace radios and associated accessories for the Florida Fish and Wildlife Conservation Commission and the Department of Business and Professional Regulation that operate on the State Agency Law Enforcement Radio System (SLERS) and that have reached their end-of-life or end of support date; all replaced radios must be able to operate dual mode operation on both P25 Phase II and EDACS EA land mobile radio support system. The funds shall be placed in reserve. The Department of Management Services shall develop an implementation plan which identifies by eligible state agency the number and type of radios that will be replaced and a timeline for completing the replacement. Upon submission of the plan, the department is authorized to submit budget amendments for the release of funds pursuant to provisions of section 216.177, Florida Statutes.
